MIDDIE VIRTUAL PROGRAM

## SCHOOL CHOICE FOR GRADES 7-12

### Why Choose MVP?

Students and parents may select this option through the scheduling process at the Middle School and at the High School.

#### Choose Personalized

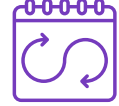

The Middle Virtual Program (MVP) is a personalized virtual/hybrid learning experience for students in grades 7-12.

#### Choose Independence

Students may move at their own pace guided by teachers. Teachers will schedule regular content support sessions to meet individual learner needs and to assure students are making adequate progress.

#### Choose Flexibility

The Middle Virtual Program will offer students both the opportunity to work on a flexible schedule with the opportunity to get face to face support, plus more opportunities for College Credit Plus.

### Are you an MVP?

Ability to work independently with support

Ability to make social connections with peers outside of the classroom

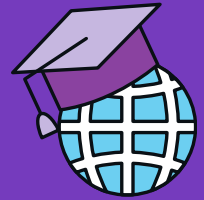

Willingness to ask for help and guidance from teachers and counselors when needed

Self motivated to learn

Wants a flexible schedule

### How We Support Students

#### Extracurricular Activities

Middle Virtual students will have the opportunity to participate in all extracurricular activities and athletics as long as they meet eligibility requirements.

#### Learning Platforms

The primary content is delivered through Apex Learning. Students will also use Schoology - the district platform for content, assignments, resources and communication.

#### Support Services

MVP students will be supported through a virtual advisory program, have access to Counseling services and have access to Primary Health clinic located at the high school.

#### Teachers

Students will be able to get content help when they have questions. Certified Middletown teachers in each core will be attached to the program as well as an Intervention Specialists
